

## SELF-CLOSING HANDCUFF

**IMMOBILIZES** an armed individual

- silicone protection
- tightens gradually - painless
- taser or flash-ball not needed

PATEND PENDING : WO2022049331

- Once immobilized in flagrant arrest, the offender understands he will be condemned for all illegal action he took and will take.
- Thus, even if he is armed, his arrestation will be grantly facilitated.

## MARKET :

**Konyx is the first device  
offering active-security on site  
24/24h – 7/7**

**Passive-security :** Fences; barbed wire; armored doors

**Pro-active-security :** Current drones ; cameras; alarms

**Active-security :** Immobilizing an offender using physical coercion

● **COMPETITIVE ADVANTAGES**

**MARKET MONOPOLY**

- Patent pending under PCT

**SAVE LIVES**

- Protects the physical integrity of agents
- Soft power tool : no painfull taser or flash-ball

**IMPROVES ARRESTING EFFICIENCY**

- A single drone operator immobilizes an armed individual VS several guards needed today

**HIGHER LEVEL OF DETERRENCE**

- A flagrant arrest means, quick trial and 100% condemnation.

**LOWER COSTS**

- VS conventional guarding

**EXPANDS THE MARKET**

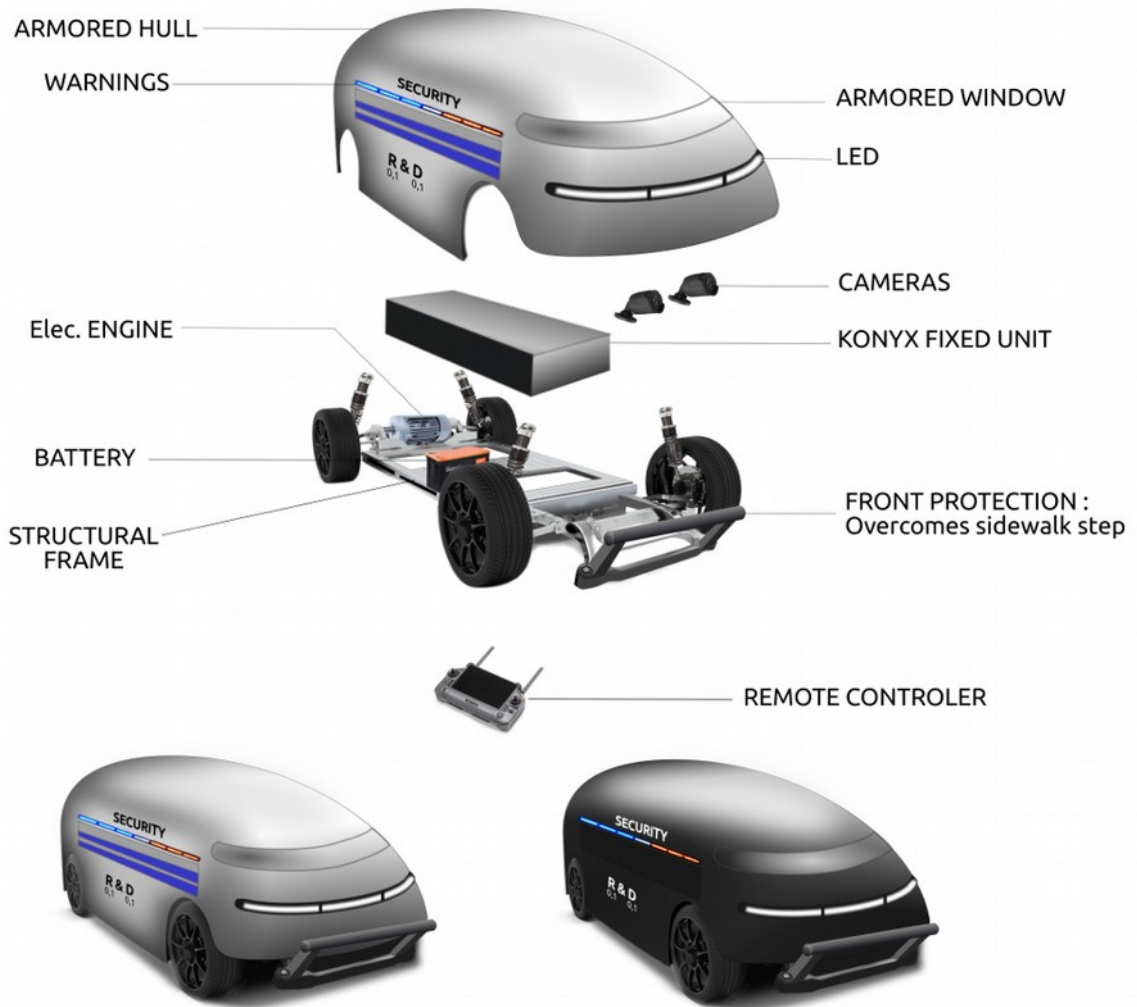

- Customers with less financial means will access active-security market

**EASIER JOB ACCESSIBILITY**

- Short stature person may become drone operator and arrest thieves

# SPECS :

**konyx fixed device is mounted strategically**
